

BEAUTIFUL LIZARDS

PRESS QUOTES

We've been described as an instrumental duo band that plays a blend of surf music, garage, rock, blues, and noise. Here's what critics and fans had to say:

"A blue Sonic Youth with encroaching industrial sound scapes. They are fearless in exploring jazz and blues tones and flirting with the Ramones while remaining true to their unique creativity and quest. Watch out for their sophomore album! 9 out of 10." - Levi and Marina
